NICHROME
Integrated Packaging Solutions

Salient Features:

- Compact & versatile design
- PLC based control system
- Stand alone auto tuning PID temperature controller
- Pneumatically operated horizontal & vertical sealing system
- Servo motor driven table draw off bag pulling
- Single or perforated pouches in a chain can be produced
- Filler options like Auger, Twin Cup Filler, EWF, Twin Discharge MHW, Piston Filler available
- Interface with PC & data processors possible (Optional)
- Maxima 400 has flexibility to pack different products with different quantities on each head
- Maxima has small footprint
- Less operational cost due to reduced manpower & energy consumption

Optional Accessories

- Print mark scanner
- Date batch coder
- Inert gas flushing
- On line check weigher & metal detector
- Web guide system
- Pouch take up conveyor
- Product feed conveyor
